INTRODUCTION

This report deals with criminal cases finalised by the New South Wales (NSW) Local, Children's, District, Supreme and Licensing Courts in 2004.

The data presented in the report is collected from the courts and maintained by the Bureau of Crime Statistics and Research, with two exceptions. Children's Court data is collected and provided by the Department of Juvenile Justice. Data for the tables on prior convictions for proven offenders is sourced from the Bureau of Crime Statistics and Research's Reoffending Database.

Minor criminal matters such as regulatory driving offences issued through infringement notices and appeals to same are not included in the report.

In 2004 there have been small increases in the number of persons with matters finalised in the Local Courts (up to 135,497), Children's Court (up to 8,125) and Licensing Court (up to 427). The number of persons finalised in trial and sentence cases in the Higher Courts (3,623) has remained relatively stable.

Important: This report incorporates a major revision in the way the Bureau of Crime Statistics and Research identifies Indigenous persons in finalised criminal cases. The relevant tables now include all persons who appeared in 2004 who have identified themselves as an Aboriginal and/or Torres Strait Islander person at **any** court appearance since 1994. Past reports only show persons who identified as Indigenous on the occasion of the reference court appearance.

As a result, the number of Indigenous persons reported to have appeared in the Local Court has increased considerably. In 2003 we reported 10,995 Indigenous persons with finalised matters in the Local Court whereas in 2004 we reported 17,655 Indigenous persons with finalised matters.

Data on Indigenous persons presented in this report cannot be compared to data reported in previous publications. This change affects Local Court Tables 1.4, 1.8 and 1.10.

Comparable trend data can be obtained by contacting the Bureau of Crime Statistics and Research. More information about this change can be read in the explanatory notes.

Another aspect of this report in which changes have affected comparability with past reports is delay in the Local Court. Due to an improvement in the accuracy of determining date of first appearance, the median delay figures contained in Table 1.12 cannot be compared to those reported in previous years. However, analysis of the total time from offence to determination in the Local Court, which can be measured comparably, shows no significant change between 2003 and 2004 (see summary tables for these data).

ACKNOWLEDGEMENTS

The Bureau is grateful for the support provided by court staff, the Department of Juvenile Justice and the Department of Gaming and Racing in supplying the data for this report.

The data for most Local Court matters were obtained from the General Local Courts (GLC) computer system with the assistance and co-operation of the GLC support team in Local Courts and Information Technology Services. Data for matters finalised in Local Courts not on the GLC system were provided by the Registrars who completed and returned coding forms for each person appearing before the Local Courts on criminal charges.

The data for the Higher Courts were obtained from the Case Tracking System, an administrative computer system used by District Courts Registry staff. The Bureau would like to express its gratitude for the assistance provided by Information Technology Services and the District Court Criminal Registry in obtaining the information from the computer system.

Data from the Licensing Court of New South Wales provided by the Department of Gaming and Racing underwent additional processing before being incorporated into the publication.

The Department of Juvenile Justice provided the data for the Children's Courts tables.

* In 2004 a major change was made in the way Aboriginal and Torres Strait Islander persons with finalised criminal court cases are identified in BOCSAR data. As a result, Indigenous data presented in this report cannot be compared to data reported in previous publications. The 2003 summary data shown here has been computed using the new counting measures and is comparable with the 2004 data. See explanatory notes for more details.

In 2004 an improvement was made to the identification of 'first appearance date' in the Local Court data. Consequently, 2004 median delay figures for 'offence to first appearance' and from 'first appearance to determination' cannot be compared to those published in previous years. These summary statistics compare the total time from 'offence to determination' which is unaffected by the counting change. See explanatory notes for more details.

¹ Excludes offences with less than 500 persons convicted.

² Excludes offences with less than 100 persons convicted.

³ Rate per 100,000 population.

⁴ Excludes SDs with under 15 persons convicted.

A person who is charged with more than one offence within an offence group (for example, a person charged with both theft of a motor vehicle and theft from retail premises) is counted **only once** in the offence division total. The grand total is a count of the total number of distinct persons charged in Local Court appearances finalised. For 'charges', all totals simply sum over the categories.

^ Sexual offences against children is not a category within ASOC. These offences are also counted in the appropriate ASOC categories – sexual assault and non-assaultive sexual offences.

[#] Improved methods of identifying persons 'in custody for a prior offence' at the time of finalisation of their current charges has led to an increase in persons with this bail status in the 2004 data. Prior to 2004 these persons would have had their bail status recorded as 'unknown' or 'bail dispensed with'. See explanatory notes for more details.

⁺ In 2004 the number of Aboriginal and Torres Strait Islander persons reported to have appeared in the Local Court has increased markedly due to a change in the way Indigenous persons are identified in BOCSAR data. This table now includes all persons who have identified themselves as Aboriginal and/or Torres Strait Islander at any court appearance since 1994. See explanatory notes for more details.

^{*} In 2004 adjustments were made to the lower end of the penalty hierarchy used to determine principal penalty. 'Bond without conviction' now ranks below both 'fine' and 'nominal sentence'. Caution should be used when comparing the incidence of these penalties with data published in previous years. See explanatory notes for more details.

[^] Sexual offences against children is not a category within ASOC. These offences are also counted in the appropriate ASOC categories – sexual assault and non-assaultive sexual offences.

This change has resulted in a reduction in time from 'offence to first appearance' and an increase in time from 'first appearance to determination'. See explanatory notes for more detail.

* The category 'Proceeded to defended hearing: Other' includes persons for whom one or more charges were dismissed after a defended hearing, but who either (1) pleaded guilty to other charges or (2) were convicted ex parte of other charges.

* 'Persons charged' counts the number of people charged with the specified offence. A person who is charged with more than one offence within an offence group (for example, a person charged with both theft of a motor vehicle and theft from person) is counted **only once** in the offence division total. Hence the numbers within an offence division do not sum to the offence division total. The grand total is a count of the total number of distinct persons charged in Higher Court appearances. For 'charges', all totals simply sum over the categories.

⌘ Sexual offences against children is not a category within ASOC. These offences are also counted in the appropriate ASOC categories – sexual assault and non-assaultive sexual offences.

NEW SOUTH WALES CRIMINAL COURTS

Explanatory notes

EXPLANATORY NOTES

This report contains statistics relating to criminal matters finalised in New South Wales courts in 2004. Statistics for the criminal jurisdictions of the Local, Licensing, Children's, District and Supreme Courts are reported.

With the exception of the Children's Court data, the statistics presented are extracted from datasets maintained by the Bureau of Crime Statistics and Research. The data contained in these datasets is collected from the courts. The Department of Juvenile Justice provides the Children's Court data presented in this report.

The report includes information on offence type, court outcomes, penalties, bail status, court delay, and the age, gender, Indigenous status and prior offending record of offenders. In most tables the counting unit is persons charged in court appearances finalised or persons found guilty in court appearances finalised. In some tables, however, the counting unit is the number of finalised charges. In these tables a person charged with more than one offence would appear more than once.

Counting changes in 2004 have resulted in significant adjustments to the following data items in this report:

- the number of Aboriginal and Torres Strait Islander persons reported to have appeared before the Local Court;
- delay in the Local Court;
- the number of people receiving a penalty of 'bond without conviction' and other penalties at lower end of the penalty hierarchy; and
- the number of persons with the bail status 'in custody for a prior offence' in the Local Court.

These changes are discussed in more detail in these notes.

EXPLANATORY NOTES – LOCAL COURTS

**TABLE 1.1:
PERSONS CHARGED AND CHARGES**

Charge

A charge refers to an instance of a particular type of offence being charged against a person. A *finalised* charge is one which has been fully determined by the court and for which no further court proceedings are required.

Where there are multiple counts of the same offence (i.e. charged under the same Act and Section) and each count receives the same outcome, the multiple counts are treated as a single charge. Where multiple counts of the same offence have different outcomes, they are counted as separate charges.

EXPLANATORY NOTES – LOCAL COURTS continued

Persons charged

A *person charged* refers to a group of one or more charges, against a single individual, which are finalised by the court on a single day. Such a group of finalised charges against a single individual is also referred to as a *finalised court appearance*. (A company charged with an offence is treated as a person.)

This report does not distinguish ‘distinct’ persons within the counting period. If a person is a defendant in more than one court appearance during the counting period, such a person will be counted more than once in the report.

Table 1.1 shows the numbers of persons charged with offences within particular offence groups. This table counts individuals more than once, in all cases where the accused was charged with more than one offence and those offences fall within different offence groups. However, individuals are counted only once in the overall total.

Type of offence

Offence groups in the Local Courts tables are based on the Australian Standard Offence Classification (ASOC) issued by the Australian Bureau of Statistics (ABS 1997, Cat. No. 1234.0). Table 1.1 shows offences classified at ASOC division, subdivision and group levels. All other tables show offences classified at ASOC division and subdivision levels.

The composition of ASOC groups in this publication is the same as reported in *NSW Criminal Courts Statistics 2002* and *2003*, but different to that reported in *NSW Criminal Courts Statistics 2001* and earlier. Comparisons should not be made at the lowest ASOC level between this publication and the earlier reports as apparent changes in the distribution of offence categories may be due to ASOC revisions.

Note: the Bureau has offence information at the level of Act and Section. Information at this level of detail can be obtained by contacting the office.

Sexual offences against children

In Table 1.1 and elsewhere in this section, the numbers of charges and persons charged for offences classified as *sexual offences against children* are shown separately from other offences in the *sexual assault and related offences* division. The subdivision *sexual offences against children* is not part of the ASOC system. The offences in this category also appear in the appropriate ASOC subdivisions and as such are included in the total.

Some charges which have been laid under Section 61I (*sexual intercourse without consent*) and Section 61L (*indecent assault*) of the *Crimes Act 1900*, however, may have involved child victims. Since such offences are counted in the *sexual assault* subdivision in this report, the frequency within the *sexual offences against children* classification is subject to undercounting.

Drug offences

ASOC does not include the type of drug in the offence classification. Table 1.7a shows penalties received by persons with a proven drug offence by the type and quantity of drug. The ‘Other’ drug category includes cases where more than one drug is involved. In such cases the drug quantity may be recorded as ‘Unknown’.

TABLE 1.2:
OUTCOME OF CHARGE

Table 1.2 shows the court outcomes for all charges. Where a person was charged with more than one offence, each offence is counted separately. Those cases resulting in dismissal of the charge are separated from those in which the offence was proven. A charge can be dismissed by the court after a hearing, or where the prosecution elects to withdraw the charge due to insufficient evidence, or for some other reason, such as the death of the accused. A matter can also be stood out of the court list for various reasons; this outcome allows the prosecution to re-enter the matter at a later time.

The charge outcomes shown in this report are the same as were used in *NSW Criminal Courts Statistics 2003*, but slightly different to those reported in *NSW Criminal Courts Statistics 2002* and earlier. Caution should be exercised when comparing data from years prior to 2002.

Some of the major charge outcomes are described below:

Offence proven: Accused present

Includes all charges finalised by a plea of guilt or by a guilty finding at a defended hearing where the accused person was present.

Offence proven: Conviction ex parte

Includes charges where the accused either (i) pleaded guilty and was convicted in his/her absence, or (ii) failed to appear, was convicted by the court on the evidence presented and a conviction warrant issued by the court for the offender in order to impose a penalty.

Arrest warrant issued

Includes cases where the accused failed to appear and an arrest warrant was issued to have him or her appear in court to face the charge. Instead of convicting the accused in their absence the court has deferred judgement until the accused appears. Prior to 2003, charges in this category were counted within the category 'conviction ex parte'.

Dismissed Mental Health (Criminal Procedure) Act

Under Section 32 of the *Mental Health (Criminal Procedure) Act 1990* (No.10) the Court can dismiss a charge and discharge a defendant who is suffering from a mental illness. The defendant may be conditionally discharged and, from February 2004, may be called before the court for failing to comply with the order within six months of the order being imposed. Under Section 33, a magistrate can order a mentally ill defendant to be detained in a hospital for an assessment; or discharge the defendant, either unconditionally, or conditionally into the care of a responsible person.

TABLES 1.3 AND 1.4: OUTCOME OF APPEARANCE

Table 1.3 presents the major outcome of the court process for individual persons charged. Table 1.4 presents this information for those persons identified as Aboriginal and/or Torres Strait Islanders.

Changes in the identification of Aboriginal and/or Torres Strait Islander defendants

In 2004 the Bureau of Crime Statistics and Research made a major change to the way Aboriginal and Torres Strait Islander persons appearing in the criminal courts are identified. As a result the number of Indigenous persons reported to have appeared in 2004 is considerably higher than would have been the case under the previous counting practice. The nature of the change is discussed below.

Information about Indigenous status is collected by NSW Police when legal proceedings are commenced against alleged offenders. This information is then linked to the defendant's court record. In the past, Aboriginal and/or Torres Strait Islander tables in this report have only included persons who identified as Indigenous when being legally proceeded against for the reference offence.

This method, however, undercounts the actual number of Indigenous defendants as some persons do not have a recorded Indigenous status for the reference offence. Suspected offenders who are not proceeded against in person, that is those issued with a Future Court Attendance Notice (previously a summons), are not asked to identify themselves as Aboriginal and/or Torres Strait Islander. In recent years police have also stopped asking Indigenous status of persons proceeded against for traffic incidents.

In order to overcome this problem, the Bureau of Crime Statistics and Research have this year applied a new method of identifying Indigenous status using our Reoffending Database which contains Children's, Local and Higher criminal court records back to 1994. By matching records of persons appearing in court in 2004, we can now identify whether a person has reported himself or herself to be either Aboriginal and/or Torres Strait Islander at a previous court appearance. Thus, Local Court tables 1.4, 1.8 and 1.9 now include persons who appeared in 2004 who have identified themselves as Indigenous at any court appearance since 1994.

As a result of these changes the number of Indigenous persons reported to have appeared in the Local Court has increased considerably. In 2003 we reported 10,995 Indigenous persons with finalised matters in the Local Court whereas in 2004 we report 17,655 Indigenous persons with finalised matters. **Consequently data on Indigenous persons presented in this report cannot be compared to data reported in previous publications.** Comparable data for previous years can be obtained by contacting our office.

EXPLANATORY NOTES – LOCAL COURTS *continued*

The possible outcome types are as follows:

Proceeded to defended hearing

All charges dismissed: Appearances in this category involved the accused being found not guilty of any offence, following a defended hearing. Such appearances may have included some charges being dismissed without hearing.

Guilty of at least one charge: In this category the accused pleaded not guilty, but was found guilty by the court of at least one of the offences charged.

Other: Appearances in this category include persons for whom one or more charges were dismissed after a defended hearing, but who either (i) pleaded guilty to other charges or (ii) were convicted *ex parte* of other charges.

Sentenced after guilty plea

Appearances in this category include cases where the accused pleaded guilty to at least one charge, and any other charges were dismissed or otherwise disposed of.

Convicted *ex parte*

From 2003, the category ‘convicted *ex parte*’ only includes cases where the accused either (i) pleaded guilty and was convicted in his/her absence, or (ii) failed to appear, was convicted by the court on the evidence presented and a conviction warrant issued by the court for the offender in order to impose a penalty.

In *NSW Criminal Courts Statistics* publications prior to 2003 this category also included persons who failed to appear and, rather than being convicted in their absence, a warrant was issued for their arrest. Persons in this category are now separately identified in the table as ‘arrest warrant issued’ described below.

Arrest warrant issued

This category includes cases where the accused failed to appear in court and an arrest warrant was issued to have him or her appear in court to face the charges. Instead of convicting the accused in their absence, the court has deferred judgement until the accused appears. Prior to 2003 persons in this category were counted within the category ‘convicted *ex parte*’.

All charges dismissed without hearing

This category includes cases where all charges were dismissed by the court, but there was no defended hearing. For instance, the prosecution may not have offered any evidence in respect to the case or the accused may have died prior to finalisation.

EXPLANATORY NOTES – LOCAL COURTS *continued*

All charges otherwise disposed of

This category includes cases where the charges were stood out of the list and those that were adjourned to the Drug Court.

TABLES 1.5 AND 1.6: LEGAL REPRESENTATION AND BAIL STATUS

Tables 1.5 and 1.6 present the outcome for each appearance by legal representation and the bail status of the accused respectively.

Bail status

Bail status refers to the status of the accused at final appearance. Those remanded in custody (bail refused) are distinguished from those people who were on bail and those for whom either bail had been dispensed with or who had received a summons. Those persons in gaol for a previous offence are regarded as being of equivalent status to those on bail in terms of receiving priority for a Local Court hearing. (For this reason they are excluded from the gaol category in the court delay table, Table 1.12.)

In 2004 changes were made to our data collection which improves our ability to identify persons residing in a correctional centre at the finalisation of their court case. As a result, the number of persons with bail status 'in custody – prior offence' at the finalisation of their court case increased considerably in 2004. In 2003 we reported 1,056 persons 'in custody – prior offence' at finalisation compared with 1,427 persons in 2004. Prior to 2004 the bail status of these additional persons would have been recorded as either 'unknown' or 'bail dispensed with'. The number and proportion of persons 'bail refused' have not been affected by the change.

TABLES 1.7 TO 1.11: PENALTIES IMPOSED FOR PRINCIPAL OFFENCE

Tables 1.8 and 1.10 both report on Aboriginal and Torres Strait Islander persons. These data have been subject to significant changes in 2004. Please see page 121 above for discussion of the changes.

Persons found guilty

Persons found guilty are those persons who, for at least one offence charged, either pleaded guilty, were found guilty ex parte, or were found guilty after a defended hearing.

EXPLANATORY NOTES – LOCAL COURTS *continued*

Principal offence

Appendix 1 provides explanations of the penalty types used in the Local Courts. Penalties shown in the tables indicate the *principal penalty* imposed for the *principal offence*. The *principal offence* is defined to be that offence charged, which received the most serious penalty according to the following rules:

- (a) Where an offender was found guilty of more than one offence, that offence which received the most serious penalty type is the principal offence. Appendix 2 lists the hierarchy of penalty type seriousness used for this calculation. (Recent changes to the penalty hierarchy are also discussed in Appendix 2.)
- (b) Where there were two or more offences which received the same penalty type, that offence which received the greatest quantum of that penalty type is the principal offence. (Note that for this calculation, if multiple counts of the same offence type received different penalties, they are treated as separate offences.)
- (c) If there was more than one offence with a custodial penalty with the same quantum of non-parole period, the offence with the longest total sentence is selected as the principal offence.
- (d) If there was more than one offence which received the same quantum of the same penalty type, including the same quantum of non-parole period and total sentence, the first of these offences recorded on the court file is selected as the principal offence.
- (e) Where an offence received more than one penalty, a *principal penalty* for that offence is first calculated following the rules set out above. The determination of principal offence is then calculated on the principal penalty for each offence.

Quantum of penalty

Table 1.9 shows the average duration of principal penalties which involve a time component and the average dollar amount of fines imposed, where a fine was the principal penalty. Table 1.10 presents this information for those persons who have in the past identified themselves as Aboriginal and/or Torres Strait Islanders (See page 121 above for discussion of the major changes to Indigenous data in this publication.)

Imprisonment

Where imprisonment is the principal penalty imposed for the principal offence the sentence specifies the term of the sentence and a non-parole period. The non-parole period must not be less than three quarters of the term unless there are special circumstances which the court must note. The court may decline to set a non-parole period, noting the reasons. For sentences of imprisonment of six months or less no non-parole period is set. The average durations shown in Tables 1.9 and 1.10 include only the non-parole period where a non-parole period has been specified. Cumulative terms of imprisonment are excluded from these tables. In those cases where a cumulative term was imposed, only the penalty for the principal offence is shown. Note that a maximum of two years of imprisonment can be imposed in the Local Courts for any one offence.

EXPLANATORY NOTES – LOCAL COURTS *continued*

Community Service Order (CSO)

Where a CSO is the principal penalty imposed for the principal offence a maximum of 500 hours of community service can be imposed on any one occasion.

**TABLE 1.12:
COURT DELAY**

This table gives an indication of the time taken to dispose of a case for defended and undefended hearings by bail status at final appearance. It shows the median number of days taken at each stage of proceedings. The median duration is used in preference to the average duration because there may be a small number of cases with very long durations. (The definition of median is such that half the cases had durations less than the median value and the other half had longer durations.) Where a person's bail status changed in the course of the proceedings the duration may have been affected.

Excluded from this table are those people who were in custody for another offence, as this fact will have altered the duration of proceedings for these cases.

Improvements made to the identification of first appearance date in 2004 have had a significant impact on reported delay in the Local Court. Prior to 2004 the most recent date at which the matter had been listed for hearing was often recorded as the date of first appearance, rather than the date the matter was first listed for hearing. As a consequence, in many cases the date of first appearance is earlier now than it would have been under the previous recording practices. The change has led to an artificial decrease in the time from offence to first appearance and an artificial increase in time from first appearance to determination. **Median delay data in Table 1.12 cannot be compared to data reported in previous years.**

Despite the change in recording of first appearance there is continuity in the recording of total delay from offence to determination. Comparison of delay over this period for 2003 and 2004 can be seen in the summary tables. These figures show that there was no significant change in the time from offence to determination for defended hearings where the defendant was either on bail or on remand.

**TABLE 1.13:
PRIOR PROVEN OFFENCES**

Table 1.13 provides information on the history of prior proven offences since 1995 of those persons found guilty in the Local Court. This information is sourced from the Bureau of Crime Statistics and Research's Reoffending Database. The Reoffending Database is used to derive a ten year offending history for individuals by searching and matching court records from January 1995 to December 2004. Court records from the Children's, Local, District and Supreme Courts are considered. Due to the application of matching techniques and slightly different composition rules (such as the exclusion of companies and outcomes where a warrant was issued) the total number of persons within each offence type is slightly different than in other tables in this section.

EXPLANATORY NOTES – LOCAL COURTS *continued*

The following prior offending categories are used in the table:

No prior proven outcomes

At the time of sentencing, persons in this category had no prior proven outcomes of any kind in the past ten years.

Prior proven outcomes, not of the same type

Persons in this category had a history of prior proven outcomes but none were of the same general type as the principal offence receiving sentence on this occasion. This category can include offences which resulted in a gaol term as well as non-custodial penalties.

Prior proven outcomes of the same type

In this category are persons who had been found guilty of an offence of the same general type as the principal offence, on a previous occasion, but not sentenced to a period of imprisonment for that offence.

Prior proven outcomes of the same type, with imprisonment

Persons in this category were found guilty of an offence of the same general type as the principal offence, on a previous occasion, and in addition, had received a custodial penalty on at least one occasion, for an offence of this type.

TABLE 1.14: APPREHENDED VIOLENCE ORDERS

Table 1.14 counts only those orders finalised by a magistrate at a Local Court hearing. It does not include interim orders granted.

An Apprehended Violence Order may protect more than one person. For the purposes of Table 1.14, the residence of only one protected person has been included for each order.

Data source: Computerised Operational Policing System (COPS).

TABLES 1.15 AND 1.16: STATISTICAL DIVISION OF RESIDENCE

These tables indicate the Statistical Division within which the residence of the accused falls. Within the Sydney Statistical Division, the Subdivisions are shown, to provide more detail. In these tables, appearances are excluded if the accused resided interstate, overseas or in an institution, had no fixed place of abode, or if the area of residence was unknown.

EXPLANATORY NOTES – LOCAL COURTS *continued*

Table 1.15 shows the number and rate per 100,000 population of Local Court appearances by the area of residence of the accused.

Table 1.16 presents, for those accused who were found guilty, rates per 100,000 population by the area of residence and the type of principal offence.

TABLES 1.17 TO 1.20: LICENSING COURT

Licensing Court records were provided by the Department of Gaming and Racing. These records were processed by the Bureau into the data format used for the Local Criminal Courts collection.

The Licensing Court exercises jurisdiction under the Liquor Act 1982 and Registered Clubs Act 1976, and deals with applications for licences, breaches of the act and complaints against licensees and club secretaries.

Licensing Magistrates, who are also magistrates under the Local Courts Act 1982, deal with breaches under other legislation including the Casino Control Act 1992, Local Government Act 1993 and Property, Stock and Business Agents Act 1941.

The Licensing Court is located in Sydney and Licensing Magistrates may also travel to country areas to determine matters.

The Licensing Court data in these tables are all criminal prosecutions determined by the court and exclude complaints heard by the court and the Liquor Administration Board.

In addition to legislated penalties for particular offences, the Licensing Court may impose additional penalties including:

- suspending or cancelling a trading licence or disqualifying the licensee/manager/club secretary
- imposing, revoking or varying trading licence conditions
- reprimanding the licensee/manager/club secretary

Table 1.17 contains counts of the persons/organisations charged and charges by offence type and has the same format as Local Court Table 1.1.

Table 1.18 shows the court outcome for each charge and has the same format as Local Court Table 1.2. Persons convicted *ex parte* are not separately identified in the licensing court.

Table 1.19 contains the major outcome of the court process for individual persons charged and has the same format as Local Court Table 1.3. Persons convicted *ex parte* are not separately identified in the licensing court. Table 1.20 shows the principal offence imposed for persons/organisations found guilty and has the same format as Local Court Table 1.7 with the addition of Licensing Court-specific penalties including trading licence sanctions (suspending or cancelling a licence or disqualifying a licensee/manager/club secretary) and the imposition of trading licence conditions.

EXPLANATORY NOTES – CHILDREN’S COURTS

Children’s Courts data are provided by the Department of Juvenile Justice, which has been responsible for the administration of juvenile justice since 1991. Juveniles aged 10 to 17 years who allegedly offend against the criminal laws may be brought before the Children’s Courts or diverted to a Youth Justice Conference or cautioned. This report deals only with court appearances.

Only matters involving criminal offences that are classified under ASOC are included in these tables. Apprehended violence orders that are heard in the Children’s Court are excluded. Similarly, juveniles may also appear before the Children’s Courts for complaints under the *Children (Care and Protection) Act 1987*. These matters deal with issues such as truancy or neglect. As welfare matters are the responsibility of the Department of Community Services, rather than the Department of Juvenile Justice, and do not constitute criminal proceedings, they are not included in this report.

**TABLE 2.1:
APPEARANCES AND OFFENCE PROVEN, BY PRINCIPAL OFFENCE**

Table 2.1 provides information on the numbers of criminal matters before the Children’s Courts in 2004.

Appearance

An appearance is defined as a group of one or more charges against an individual, disposed of by the Children’s Courts. For juveniles with multiple charges, only one charge, the most serious, is presented in this table.

Offence proven

Proven offences include those appearances resulting in referral to drug programs, return to former custody, revoked or amended community service orders and referrals to other jurisdictions. Appearances resulting in Apprehended Violence Orders are not included.

Type of offence

In this and subsequent tables, the type of offence charged is the principal offence charged. The principal offence charged is defined as the most serious charge laid against an individual at the court appearance.

The offence categories appearing in Table 2.1 are based on the Australian Standard Offence Classification (ASOC) division, subdivision and group.

The composition of ASOC groups in this publication is the same as reported in *NSW Criminal Courts Statistics 2002* and *2003* but different to that reported in *NSW Criminal Courts Statistics 2001* and earlier. Comparisons should not be made at the lowest ASOC level between this publication and the earlier reports as apparent changes in the distribution of offence categories may be due to ASOC revisions. Comparisons can be made between 2002, 2003 and 2004 data.

EXPLANATORY NOTES – CHILDREN’S COURTS *continued*

**TABLE 2.2:
BAIL STATUS AT FINAL APPEARANCE, SEX**

Table 2.2 includes both those accused for whom a bail decision was made and those accused whose cases resulted from a summons or court attendance notice.

**TABLE 2.3:
TYPE OF PRINCIPAL OFFENCE, PENALTY FOR PRINCIPAL OFFENCE**

If more than one offence was finalised at an appearance, Table 2.3 lists the offence with the most serious outcome or severity. If more than one offence received the same outcome then the most serious offence is calculated as the one with the lowest ASOC code.

Penalties

‘Control order’ includes fixed term, minimum and additional term with DJJ supervision, minimum and additional term with other supervision and minimum and additional term with no supervision.

‘Probation’ includes probation orders with DJJ supervision, probation orders with other supervision and probation without supervision.

‘Bond and fine’ includes a fine and a bond under S.33 (1) (d) of the Children (Criminal Proceedings) Act 1987.

‘Bond’ includes bond, suspended sentence and conditional discharge, with supervision and without supervision.

‘Dismissed with caution’ includes dismissed with a caution and admonished and discharged.

‘Other proven outcomes’ includes periodic/weekly detention, drug program, disqualified driver, returned to former custody, compensation, committed to the rising of the court, committed to Higher Court, remitted to Local Court and Community Service Order revoked or amended.

**TABLES 2.4, 2.4a AND 2.4b:
TYPE OF OFFENCE, SEX, AGE**

These tables detail the age and gender of all defendants appearing before the Children’s Courts including both proven and unproven outcomes. The age category ‘18 years and over’ in these tables refers to those alleged offenders who were under 18 years at the time of the alleged offence, but were 18 years or over at the time of the finalisation of the matter.

EXPLANATORY NOTES – CHILDREN’S COURTS *continued*

**TABLE 2.5:
PRIOR PROVEN OFFENCES**

Table 2.5 provides information on the history of prior proven offences since 1995 of those persons found guilty in the Children’s Court. Records for this cohort would only start in 1997, since they would have to be 10 years of age or more to commence a juvenile record. This information is sourced from the Bureau of Crime Statistics and Research’s Reoffending Database. The Reoffending Database derives an offending history for individuals by searching and matching court records from 1995 to the present. Court records from the Children’s, Local, District and Supreme Courts are considered. Due to the application of matching techniques and slightly different composition rules (such as the exclusion of companies and outcomes where a warrant was issued) the total number of persons within each offence type is slightly different than in other tables in this section. In the case of the Children’s Court, the method to determining principal offence is also different in the Reoffending Database to that used by the Department of Juvenile Justice.

The following prior offending categories are used in the table:

No prior proven outcomes

At the time of sentencing, persons in this category had no prior proven outcomes of any kind in the past ten years.

Prior proven outcomes, not of the same type

Persons in this category had a history of prior proven outcomes, but none were of the same general type as the principal offence, receiving sentence on this occasion. This category can include offences that resulted in a gaol term as well as non-custodial penalties.

Prior proven outcomes of the same type

In this category are persons who had been found guilty of an offence of the same general type as the principal offence, on a previous occasion, but not sentenced to a period of imprisonment for that offence.

Prior proven outcomes of the same type, with imprisonment

Persons in this category were found guilty of an offence of the same general type as the principal offence, on a previous occasion, and in addition, had received a custodial penalty on at least one occasion, for an offence of this type.

EXPLANATORY NOTES – HIGHER COURTS

TABLES 3.1 AND 3.2: CASES APPEARING IN HIGHER CRIMINAL COURTS

Jurisdiction

There are two jurisdictions in the NSW Higher Courts, the Supreme Court, which hears cases in Sydney and on circuit in country centres periodically, and the District Court, which has a number of metropolitan and country sites. The Supreme Court deals only with the most serious matters. The District Court deals with all other matters on indictment and appeals against conviction or sentence arising from Local Court cases.

Registry

Registries handle the administrative work involved in preparing a case for trial. The District Court is regionalised into a number of Registries. Appendix 3 lists the various courts which fall within each Registry's administrative area.

Case

Court workload is usually measured by the number of cases finalised. A case is defined to be all matters, involving one or more accused persons, each with one or more charges, which are recorded together on a single court file.

A finalised case is a case where one or more charges against one or more accused were dealt with by the court in the reporting period.

For cases where there are remaining defendants with outstanding charges or where there are outstanding charges against an accused, a new case would be counted in a subsequent counting period.

For this reason there is not necessarily a direct relationship between the incoming cases registered, shown in Table 3.1, and cases finalised, shown in Table 3.2.

Committal

Cases normally appear before the Higher Courts following a committal hearing in the Local Courts. A committal hearing involves a preliminary hearing by a magistrate of the evidence against the accused. If the accused pleads guilty at the committal hearing, he or she may be committed for sentencing to a Higher Court. Alternatively, if the defendant pleads not guilty, or reserves his or her defence, he or she is committed for trial. Cases which do not proceed beyond committal are not included in this report.

EXPLANATORY NOTES – HIGHER COURTS *continued*

TABLES 3.3 AND 3.4: PERSONS AND CHARGES IN TRIAL AND SENTENCE CASES

Persons charged

In these and subsequent tables, information is shown for individual persons within finalised cases. As described in the section on cases, a case may involve one or more accused persons. Thus, the total number of persons indicated in these tables is greater than the total number of cases.

This report does not distinguish ‘distinct’ persons within the counting period. If a person is a defendant in more than one case during the counting period, such a person will be counted more than once in the report.

Note that Table 3.4, which shows the number of persons charged with offences within a particular offence group, counts individuals more than once in all cases where the accused was charged with more than one offence and those offences fall within different groups. However, persons are counted only once in the overall total.

Year of committal

Year of committal is included to provide some indication of the length of time cases normally require to be processed in the Higher Courts. More detailed information on this subject is provided in Tables 3.14a to 3.14h.

Type of offence

Offence groups in the Higher Courts tables are based on the Australian Standard Offence Classification (ASOC) issued by the Australian Bureau of Statistics (ABS 1997, Cat. No. 1234.0). Table 3.4 shows offences classified at ASOC division, subdivision and group levels. All other tables show offences classified at ASOC division and subdivision levels.

The composition of ASOC groups in this publication is the same as reported in *NSW Criminal Courts Statistics 2002* and *2003* but different to that reported in *NSW Criminal Courts Statistics 2001* and earlier. Comparisons should not be made at the lowest ASOC level between this publication and the earlier reports as apparent changes in the distribution of offence categories may be due to ASOC revisions.

Note: the Bureau has offence information at the level of Act and Section. Information at this level of detail can be obtained by contacting the Information Officer.

Sexual offences against children

In Table 3.4 and elsewhere in this section, the numbers of charges and persons charged for offences classified as *sexual offences against children* are shown separately from other offences in the *sexual assault and related offences* division. *Sexual offences against children* is not part of the ASOC system. The offences in this category also appear in the appropriate ASOC subdivisions and as such are included in the total.

EXPLANATORY NOTES – HIGHER COURTS *continued*

Some charges which have been laid under Section 61I (*sexual intercourse without consent*) and Section 61L (*indecent assault*) of the *Crimes Act 1900*, however, may have involved child victims. Since such offences are counted in the *sexual assault* subdivision in this report, the frequency within the *sexual offences against children* classification is subject to undercounting.

Drug offences

ASOC does not include the type of drug in the offence classification. Table 3.7a shows penalties received by persons with a proven drug offence by the type and quantity of drug. The 'Other' drug category includes cases where more than one drug is involved. In such cases the drug quantity may be recorded as 'Unknown'.

**TABLE 3.5:
NUMBER OF OFFENCES CHARGED**

Table 3.5 indicates the number of distinct offences charged against each accused. Where there were multiple counts of the same offence (i.e. charged under the same Act and Section) and each count had the same outcome, the multiple counts are counted as a single charge. Where charges of the same type had different outcomes, they are counted as separate charges.

**TABLE 3.6:
OUTCOME OF CHARGE**

Table 3.6 presents the major outcome of the court process for each defendant. Those cases which involved a trial before a judge and jury (or a judge alone) are separated from those where the accused pleaded guilty to all charges, where the charges were not proceeded with, or where the charges were otherwise disposed of. Possible outcome types are as follows:

Proceeded to trial

Acquitted of all charges: Cases in this category involved the accused being found not guilty of any offence, following a trial. Such cases may have included some charges not being proceeded with or being otherwise disposed of.

Found guilty of at least one charge: In this category, cases proceeded to a trial, and the defendant was found guilty of at least one of the offences charged.

Other: Cases in the 'Other' category are those where the accused was acquitted of one or more charges following a trial, but pleaded guilty to at least one other charge.

Proceeded to sentence only

Cases in this category involved a plea of guilty by the defendant to at least one charge. Other offences may have been disposed of other than by trial or not proceeded with.

EXPLANATORY NOTES – HIGHER COURTS continued

No charges proceeded with

Cases in this category did not proceed to trial. The charges were not proceeded with by the Director of Public Prosecutions.

All charges otherwise disposed of

Included in this category are cases where the accused died or absconded.

TABLES 3.7 AND 3.8: PENALTIES IMPOSED FOR PRINCIPAL OFFENCE

Persons found guilty

Persons found guilty are those persons who, for at least one offence charged, either pleaded guilty or were found guilty by trial.

Principal offence

Appendix 1 provides explanations of the penalty types used in the Local Courts. Penalties shown in the tables indicate the *principal penalty* imposed for the *principal offence*. The *principal offence* is defined to be that offence charged, which received the most serious penalty according to the following rules:

- (a) Where an offender was found guilty of more than one offence, that offence which received the most serious penalty type is the principal offence. Appendix 2 lists the hierarchy of penalty type seriousness used for this calculation. (Recent changes to the penalty hierarchy are also discussed in Appendix 2.)
- (b) Where there were two or more offences which received the same penalty type, that offence which received the greatest quantum of that penalty type is the principal offence. (Note that for this calculation, if multiple counts of the same offence type received different penalties, they are treated as separate offences.)
- (c) If there was more than one offence with a custodial penalty with the same quantum of non-parole period, the offence with the longest total sentence is selected as the principal offence.
- (d) If there was more than one offence which received the same quantum of the same penalty type, including the same quantum of non-parole period and total sentence, the first of these offences recorded on the court file is selected as the principal offence.
- (e) Where an offence received more than one penalty, a *principal penalty* for that offence is first calculated following the rules set out above. The determination of principal offence is then calculated on the principal penalty for each offence.

Quantum of penalty

Table 3.8 shows the average duration of principal penalties which involve a time component and the average dollar amount of fines imposed, where a fine was the principal penalty.

EXPLANATORY NOTES – HIGHER COURTS *continued*

Duration of imprisonment

Average duration of imprisonment in Table 3.8 is the mean length of time in months of the non-parole period or the total term, where no non-parole period is specified, imposed on the principal offence. As imprisonment is the most serious penalty which can be imposed, Table 3.8 includes all charges where an imprisonment penalty was imposed. Excluded from this table are sentences of cumulative imprisonment. In those cases where a cumulative term was imposed, only the penalty for the principal offence is shown.

The calculation of the average duration of imprisonment shown in Table 3.8 does not include sentences of life imprisonment.

TABLE 3.10: BAIL STATUS

Table 3.10 indicates the bail status of the defendant at the hearing which disposed of the matter. The bail categories distinguish broadly between defendants who were at large or in custody, and additionally for those at large, whether or not they were supervised.

TABLE 3.11 AND 3.11a TO 3.11h: COURT DELAY

These tables give an indication of the time taken to dispose of a case for defended and undefended cases by bail status at final appearance. They show the median number of days taken at each stage of proceedings. The median duration is used in preference to the average duration because there may be a small number of cases with very long duration times. (The definition of median is such that half the cases had duration times less than the median duration time and the other half of the cases had longer duration times.) Where a person's bail status changed in the course of the trial the duration of proceedings may have been affected.

The outcome categories are used to distinguish those cases which involved a trial. The stages of proceedings are categorised as follows:

Arrest to committal

The time from date of arrest to date committed.

Committal to outcome

The time from date committed to latest date of determination of charges. (Note that it is not possible to distinguish whether the defendant altered his or her plea during the course of proceedings. Such a change of plea would be expected to alter the time taken to dispose of the case.)

EXPLANATORY NOTES – HIGHER COURTS *continued*

Outcome to sentence

The time from latest date of determination of charges (guilty plea or verdict) to date of sentence. (This category is applicable only to those defendants who were found guilty.)

Those who were in custody for another offence during the course of the trial were excluded from the duration calculations, as were those who absconded at some stage in proceedings.

The category 'proceeded to sentence only' includes, in addition to guilty pleas, cases where the plea was changed from not guilty to guilty in the course of the trial. Some of these matters could, therefore, be expected to take longer to dispose of than matters originally committed for sentence.

**TABLE 3.12:
PRIOR PROVEN OFFENCES**

Table 3.12 provides information on the ten year history of prior proven offences since 1995 of those persons found guilty in the Higher Courts. This information is sourced from the Bureau of Crime Statistics and Research's Reoffending Database. The reoffending database derives an offending history for individuals by searching and matching court records from January 1995 to December 2004. Court records from the Children's, Local, District and Supreme Courts are considered. Due to the application of matching techniques and slightly different composition rules (such as the exclusion of companies and outcomes where a warrant was issued) the total number of persons within each offence type is slightly different than in other tables in this section.

The following prior offending categories are used in the table:

No prior proven outcomes

At the time of sentencing, persons in this category had no prior proven outcomes of any kind in the past ten years.

Prior proven outcomes, not of the same type

Persons in this category had a history of prior proven outcomes, but none were of the same general type as the principal offence receiving sentence on this occasion. This category can include offences which resulted in a gaol term as well as non-custodial penalties.

Prior proven outcomes of the same type

In this category are persons who had been found guilty of an offence of the same general type as the principal offence, on a previous occasion, but not sentenced to a period of imprisonment for that offence.

EXPLANATORY NOTES – HIGHER COURTS *continued*

Prior proven outcomes of the same type, with imprisonment

Persons in this category were found guilty of an offence of the same general type as the principal offence, on a previous occasion, and in addition, had received a custodial penalty on at least one occasion, for an offence of this type.

TABLES 3.13, 3.14 AND 3.15: APPEALS AGAINST CONVICTION, SEVERITY OF SENTENCE AND INADEQUACY OF SENTENCE

Tables 3.13 and 3.14 present the outcomes for appeals to the District Court against convictions or severity of sentences imposed in the Local Courts.

Appeals by or against companies as well as individuals or persons are included.

Due to the adoption of more accurate coding for appeal outcomes, these appeal tables can be compared to those published in *NSW Criminal Court Statistics 2002* and *2003* but not with those published in previous years.

The appeal outcome categories are as follows:

Appeal upheld for all matters

This category indicates that:

- 1) the conviction was overturned, for an appeal against conviction;
- or 2) the penalty was varied, for a severity or inadequacy appeal for all charges appealed against.

Appeal dismissed/withdrawn for all matters

This indicates that the court dismissed the appeal for all the charges appealed against or that the appellant withdrew the appeal.

Appeal upheld for some matters

This indicates that the court dismissed the appeal on some charges but upheld the appeal for at least one charge.

Other

This indicates that the appeal was dismissed due to non-appearance of the appellant or that a bench warrant was issued or that the appellant had died.

APPENDIX 1

NOTES ON PENALTIES

Unlike the self-explanatory penalties, such as fines and imprisonment, the following court actions may need some description.

Home detention

Home detention orders are an alternative means of serving sentences of full-time imprisonment of up to 18 months. The conditions of the Order constrain the offender's liberty to an extent that approximates confinement in minimum security custody with access to day release programs.

Periodic detention

The offender is held in custody in prison periodically (at weekends for example) for a specified period.

Suspended sentence

Under Section 12 of the *Crimes (Sentencing Procedures) Act, 1999*, a court may impose a sentence of imprisonment of up to two years' duration and then suspend the sentence on the condition that the offender enters into a good behaviour bond.

Community Service Order

The offender is ordered to perform a specified number of hours of unpaid community service work.

Bond (previously recognizance)

There are several different types of bonds, which may be imposed by a court. Generally speaking they all require the offender to be 'of good behaviour' for a certain length of time and may impose other conditions as well. Common conditions include that the offender:

- report to the Probation and Parole Service on a regular basis (bond with supervision);
- attend alcohol counselling;
- reside in a certain area; etc.

Bond without conviction and No conviction recorded

Under Section 10 of the *Crimes (Sentencing Procedures) Act, 1999*, the court may, where it finds a charge proved, elect not to proceed to a conviction, but to either discharge the offender with no penalty, with some nominal penalty, or with a good behaviour bond, or with an agreement to participate and comply with an intervention program.

Nominal sentence

This is a nominal penalty where the offender is held in custody until the court adjourns. Also referred to as 'Rising of the Court'

APPENDIX 2

PENALTY HIERARCHY FOR PRINCIPAL OFFENCE

The penalty hierarchy for the calculation of principal offence is shown below.

Based on advice from the NSW Judicial Commission the penalty hierarchy for principal offence has been altered since the last publication. Adjustments have been made to the lower end of the penalty hierarchy used to determine principal penalty. 'Bond without conviction' now ranks beneath both 'fine' and 'nominal sentence'. Consequently the number of persons reported to have received 'bond without conviction' as their principal penalty has decreased. Caution should be used when comparing the incidence of these penalties with data published in previous years.

The penalties are listed from the most to the least serious.

1. Imprisonment
2. Juvenile detention (Control order)
3. Home detention
4. Periodic detention
5. Suspended sentence with supervision
6. Suspended sentence
7. Community Service Order
8. Good behaviour bond with supervision
9. Good behaviour bond without supervision
10. Fine
11. Nominal sentence (Rising of the Court)
12. Good behaviour bond without conviction
13. No conviction recorded
